

How to Identify Position to Position (B002) Relationships Report (S_AHR_61016528)

Purpose Use this procedure to identify position to position (B002) – ‘Is line supervisor of’ relationships. This relationship identifies the supervisor position.

Trigger Perform this procedure when identifying position to position (B002) relationships within your agency.

Prerequisites • none

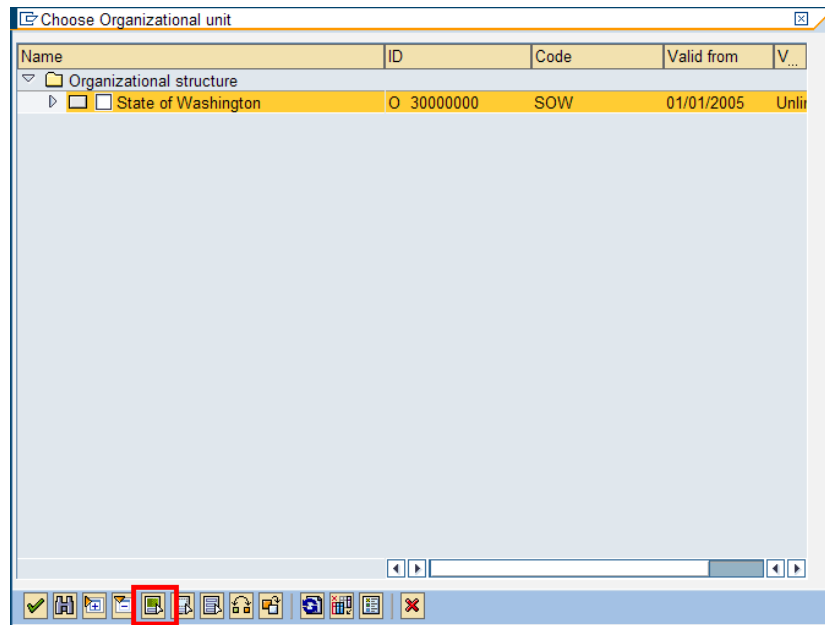

End User Roles In order to perform this transaction you must be assigned the following role: Organizational Management Processor/Inquirer

Change History	
Date	Change Description
2/3/2011	New procedure created.

Transaction Code S_AHR_61016528

Helpful Hints

When searching by Structure Search, use the  (Select subtree option) found on the bottom of the Choose Organizational Unit window. Once the Business Area or Personnel Area has been selected, the *Select subtree option* will select all organizational units from that subtree.

Procedure

1. Start the transaction using the transaction code **S_AHR_61016528**.

2. In the *Objects* area, complete the following fields:

R=Required Entry O=Optional Entry C=Conditional Entry		
Field Name	R/O/C	Description
Object type	R	This is a type of object, such as position, job, or organization unit. Example: S (Position)
Object ID	R	This is the system-assigned number of an object type.  Click the  (Matchcode) to open the selection list. Search by Structure Search to view your entire agency's organizational structure. See the Helpful Hints section above for

		additional information. Example: 70005798
